PRODUCT DATA SHEET | TECHNICAL SPECIFICATION

# Animal Cadaver Bag / Recovery Pouch BGH6.2

**200 µm LDPE Film · without handles · acc. to VDI 3891**

MuHeSa Verpackungsmittel & Vertrieb

## 1. Technical Specifications

| Parameter | Specification / Design |
|---|---|
| **Model designation** | **BGH6.2** |
| **Base material** | LDPE (Low-Density Polyethylene) |
| **Material thickness** | 200 µm (0.20 mm / 200 my) |
| **Color & opacity** | **White opaque (discrete visual barrier)** |
| **Nominal dimensions (W × L)** | **40 × 50 cm**<br>**(special animal recovery dimensions)** |
| **Load capacity** | up to 30 kg<br>(load limit) |
| **Carrying feature** | without handles |
| **Closure system** | curved C-zipper<br>(barrier-free recovery) |
| **Bottom construction** | standard design, unreinforced |
| **Fluid barrier** | fluid-tight heat-sealed |
| **Cremation compliance** | combustible acc. to VDI 3891<br>(tested chlorine- & PVC-free) |
| **Included accessories** | none |

## 2. Material Expertise: PE Film & Outdoor Functionality

### Tear Resistance & Load Capacity

**• Load capacity up to 30 kg**

Manufactured from durable polyethylene film (PE). The tough film construction reliably withstands mechanical stress in rough terrain and provides dependable tear resistance when handled properly.

### C-Zipper & Handling

**• Generous opening**

The curved C-zipper allows wide opening of the flap for swift placement of animal carcasses.

### Combustible & Eco-Friendly

**• Chlorine- and PVC-free**

Pure polyethylene incinerates cleanly with minimal residue into carbon dioxide and water during thermal recovery. No harmful chlorine gases are released, making the pouch ideal for pet and animal crematories.

## 3. Fields of Application & Practical Advantages

### Target Groups & Application Areas:

- **Hunting, forestry & wildlife management:** hygienic recovery of fallen wildlife and wild boars
- **Veterinarians, animal clinics & shelters:** dignified transport and secure containment
- **Pet crematories & animal mortuary services:** pollutant-free and low-residue cremation
- **Road maintenance services, fire brigades & police:** clean removal of roadkill and wildlife accident carcasses

### Design Features in Detail:

- **Special dimensions 40 × 50 cm:** format – ideal for small wild and domestic animals.
- **C-zipper:** circumferential track for barrier-free and swift loading.
